

**ADDITIONAL PROVISIONS APPLICABLE TO THE BOOKING TERMS AND CONDITIONS AND THE
CONDITIONS OF CARRIAGE DUE TO COVID 19 EMERGENCY**

PLEASE READ CAREFULLY: THE FOLLOWING ADDITIONAL PROVISIONS TO THE BOOKING TERMS AND CONDITIONS AND THE CONDITIONS OF CARRIAGE SHALL APPLY TO YOUR PACKAGE TRAVEL CONTRACT TO INCORPORATE THE EXTRAORDINARY HEALTH AND SAFETY MEASURES IMPLEMENTED BY THE COMPANY TO PROTECT PASSENGERS FROM RISK OF COVID 19 INFECTION. THEY APPLY TO ALL BOOKINGS RELATED TO CRUISES SAILING FROM SEPTEMBER 27, 2021 AND/OR ANY LATER DATE UNTIL FURTHER NOTICE. ALL OTHER PROVISIONS OF THE BOOKING TERMS AND CONDITION AND THE CONDITIONS OF CARRIAGE CONTINUE TO APPLY AND REMAIN UNALTERED. ANY CHANGES WILL BE TIMELY UPDATED ON MSC OFFICIAL DIGITAL CHANNELS.

1. SAFETY MEASURES ADOPTED BY THE COMPANY

With the aim to guarantee Passenger's health and safety during the cruise, the Company developed a set of procedures to be followed during the entire cruise, starting from the booking process until the final disembarkation from the ship (also below referred to as the "MSC Cruises' Health & Safety Protocol").

For safety reasons, the Carrier and/or the Master have the right to refuse boarding or order disembarkation of any Passenger whose conduct is in breach of such procedures, as well as to any Passenger who, according to the medical staff of the ship, is not fit to travel based on the outcome of a medical screening and evaluation.

Passengers are therefore asked to carefully read, acknowledge and accept the following measures:

a. booking and embarkation process

At the moment of booking, the Passenger shall provide the Company with the contact details (mobile number and the email address) of each individual included in the Booking.

The Company shall provide passengers with precise instructions regarding the preparation of the luggage to be embarked on board the ship. Passengers are invited to wear a mask and bring with them a sanitizing gel on their way from home to the ship.

Each Passenger named in the Booking will be asked to fill in and sign a mandatory health questionnaire received with the cruise ticket and to be provided to the medical staff at the berth not earlier than 6 hours before embarkation. Parents or legal guardians are responsible for filling in the questionnaire related to underage children traveling with them. At embarkation, Passengers will be asked to confirm that their health conditions, as previously declared in the health questionnaire, remained unaltered.

Passengers are required to arrive on the pier according to the time schedules indicated on their cruise ticket in order to reduce the risks of mass gatherings.

Before boarding the ship and at each time of embarkation after a shore excursion, each Passenger will undergo health and temperature screening which may vary according to the itinerary and the

international mobility restrictions due to the COVID-19 pandemic. In particular, during the first embarkation, Passengers may be required to prove to have received at least 2 (two) doses of WHO approved COVID-19 vaccine, as well as to show a negative polymerase chain reaction (PCR) test or an antigen rapid test as the case may be. Should the medical staff deem that a Passenger is not fit to travel, such Passenger will be denied embarkation and provided with shore assistance.

b. During the cruise

i. daily checks and medical assistance

While on board, Passengers shall be subject to daily temperature checks and/or any other health and safety measures as deemed appropriate by the Company, the ship's doctor or the Master.

Passengers who developed symptoms or fever are asked to immediately call the Medical Center of the ship from their cabin. Passengers will be asked to share previous travel history and will be isolated. The same measures will apply to close contacts staying in the same cabin and family members. In case of suspected symptoms, Passengers are encouraged to contact the Medical Centre for assistance.

The ship's doctor reserves the right to request the Passengers to remain in their cabin and/or to disembark in presence of symptoms associated to COVID-19.

Free medical assessments for any COVID-19 related symptoms will be available throughout the cruise.

ii. social distancing and main measures of prevention

Passengers shall abide by the measures prescribed by the Company to implement social distancing between passengers - as well as between passengers and crew- in all public spaces in accordance to the guidelines given by the Authorities.

In addition to maintaining social distancing, unless otherwise stated in onboard signage, Passengers shall be required to always wear face masks in the indoor public areas, except when seated in bars and restaurants. When outdoor, face mask is mandatory only when a safe distance cannot be maintained, unless onboard signage states differently. Passengers shall be asked to frequently wash hands with soap and water or hand sanitizer and avoid touching the nose, eyes and mouth without previously washing hands. It is requested to practice correct etiquette if coughing or sneezing and maintain social distance or use face masks when it is not possible to keep physical distance.

Onboard services may be subject to changes based on local regulations or other restrictions adopted or referred to the COVID-19 situation.

iii. entertainment activities

All entertainment activities shall be organized according to specific protocols to be followed on board, including but not limited to, cleaning and disinfection of the materials, limiting number of participants, social distancing, wearing of face mask.

The Company reserves the right to cancel any on board event where, based on its discretion, it considers that there is a risk of COVID-19 infection.

c. Shore excursions

Guests will be able to go ashore independently according to local requirements which are continually monitored and subject to change. Guests who are travelling with unvaccinated children are also able to go ashore independently. For the best ashore experience, we recommend all guests explore destinations with the comfort, convenience, and safety of an MSC Cruises Shore Excursion, bookable pre-cruise and on board. Some excursions will require the EU digital COVID certificate (Green pass) or, from extra Schengen countries travelers, the equivalent Covid certificate.

3. **INSURANCE**

Each Passenger is encouraged to have in place an insurance policy covering, from the time the Holiday Package has been confirmed to the end of the Holiday Package, COVID-19 related risks such as cancellation, interruption, repatriation expenses, quarantine, medical assistance and related expenses, and hospitalization.

4. **PRIVACY & PERSONAL DATA PROCESSING**

The safety measures adopted by the Company for the purposes of preventing COVID-19 infections require the processing of some personal data considered to be under the “special categories of data” as per Art. 9 of the General Data Protection Regulation 2016/679 (“GDPR”). Wherever possible, guests’ consent is collected in accordance with the provisions of Art. 9(1)a GDPR. Where collecting consent is not possible for objective reasons, but the processing of personal data is required to ensure the prevention measures are adopted and the spread of COVID-19 disease is avoided, Art. 9(2)i serves as the legal basis for carrying out the processing.

The data collection and processing is carried out in accordance with the principles of lawfulness, fairness, transparency, purpose and storage limitation, data minimization, data accuracy, and confidentiality and integrity.

The personal data collected and processed for these purposes will not be used for any other purposes and will not be shared with any third party outside the MSC Cruises group, except for (a) enabling guests to use their COVID-19 insurance policy, (b) ensuring guests are provided with relevant medical services in hospital facilities, in case disembarkation is required, (c) ensuring repatriation, where required, and (d) where guest consent has been provided.

To obtain more information about the processing of data required by COVID-19 procedures and to exercise data subject rights, please contact the Data Protection Officer at dpo@msccruises.com.
